

Parking in Nerja

Our apartment is at Castilla Perez 62 in Nerja, close to the Torrecilla Beach.

Note that Nerja is very busy during high season and it may be difficult to find parking close to the apartment. Check "Parking + Nerja" at Google.

If you don't find parking closer, and if you are two persons, you can drop off one person with the luggage and one person parks the car.

The yellow dot on the parking map is quite FAR from the apartment, but this is the parking place we usually always find space on when we go to Nerja. The address to the yellow dot is C. Pago Sanantona.

I marked it just because it doesn't yet show as a parking area at Google.
